Re: *My Goodness: My Kids, Cultivating Decency in a Dangerous World*  
By Nesta A. Aharoni

"I'm very pleased to announce that the June 2008 issue of our online book review magazine 'Small Press Bookwatch' features *My Goodness: My Kids*." This review also appears in the Cengage Learning, Gale interactive CD-ROM series 'Book Review Index' (published four times yearly for academic, corporate, and public library systems); as well as such book review databases as Lexus-Nexus and Goliath; and will be archived on the Midwest Book Review Web site at [www.midwestbookreview.com](http://www.midwestbookreview.com) for five years."

"Of all the blame flung in today's society, it's never directed at the biggest influence in every child's life—the parents. *My Goodness: My Kids, Cultivating Decency in a Dangerous World*, is a guide for parents to raise their children into better people as a whole—more kind, more loving, and, as a selfish indulgence for the parents, more appreciative of their parents. Countless parenting tips are displayed to build trust, respect, unity, and learning from children—and all are simple to follow. This book will make readers wonder why they didn't think of that sooner. *My Goodness: My Kids, Cultivating Decency in a Dangerous World* is a must for any parent who wants their kids to be the best adults they can be."
